

WALKABOUTS
PLATFORM™

Boost your curriculum with PHYSICAL MOVEMENT for better behavior and academic performance

WHAT IS THE WALKABOUTS PLATFORM?

The Walkabouts platform is a web-based supplemental learning tool for Pre-K to 5th grade students that includes three components: Walkabouts and two complementary products called 180s and Walksheets.

RESEARCH AND RESULTS!

ActivEd founder Dr. Julian A. Reed is among the nation's leading researchers studying health and academic achievement. His team confirmed that integrating movement into elementary curricula leads to improved behavior, greater cognition, and higher scores on achievement tests.

RESEARCH ON WALKABOUTS

98%

of teachers agree using physical activity to teach math and ELA/literacy concepts is important for students

96%

of teachers agree using Walkabouts helped students learn math and ELA/literacy concepts

96%

of teachers agree that Walkabouts improved their students' cognitive abilities

91%

of teachers agree the Walkabouts platform has improved their students' behavior

Sample size for teacher survey is (N>500)

Vazou, S., Long, K., Lakes, K.D. et al. "Walkabouts" Integrated Physical Activities from Preschool to Second Grade: Feasibility and Effect on Classroom Engagement. Child Youth Care Forum 50, 39–55 (2021). <https://doi.org/10.1007/s10566-020-09563-4>

WHAT TEACHERS ARE SAYING

Samantha Forester (MN)

"Walkabouts, along with Walksheets, help improve learning and behavior."

Jennifer Brown (VA)

"By doing our regular Walkabouts in the different subjects, I've seen improvement. If we do it more than once, the more students grasp it, the more confident they become in their ability to understand a topic."

Julie Greer (SC)

"Walkabouts actually help a lot with classroom management."

Walkabouts (Pre-K to 2nd)

Walkabouts are web-based, multisensory lessons for Pre-K to 5th grade students that are correlated to language arts, reading, and math standards.

180s (3rd-5th)

Around 180 seconds in length, the lessons integrate full-body gamification for fun, sports-related and outdoor activities.

Worksheets (Pre-K to 5th)

These worksheets with a movement component are correlated to Pre-K through 5th grade standards in language arts, reading, math, science, social studies, character education, and resiliency.
